

Behavior Treatment Clinic Appointment

Picture story

**My visit to Marcus Autism Center
is to help me and my family.**

AUTISM CENTER

NIH Autism Center
of Excellence

**I will bring some of my toys from home with me
to my appointment.**

When I arrive, my family will park in the parking lot outside of Marcus Autism Center.

**NIH Autism Center
of Excellence**

I will walk with my family to the building and go inside.

**My family and I will talk to the friendly greeter
at the front desk.**

**Next, my family and I will go to the waiting area
and check in.**

**NIH Autism Center
of Excellence**

I will wait with my family in the waiting area until it is my turn to meet my therapist. Sometimes I will have to sit next to other families that are waiting on their turn. Sometimes the waiting area will be noisy and crowded.

When it is my turn, a therapist will come to the waiting area to meet me and take me back to begin my appointment. My family will come too!

**Then I will walk down the hall to the room
where my appointment will happen.**

**When my appointment is over, I will clean up my toys.
When my toys are put away, I will walk with my family
back out to our car. Then, we will go home together!**
